**NOTES:** This is a good looking, buckskin gelding that is loaded with speed and ability. We have been hauling him to ropings in both the heading and heeling. He will give you a great shot every time. Nice sliding stop heeling, handles cattle with ease and can really face up to get you a fast flag. He is also started as a breakaway horse. In training with Jason Hershberger. Will be shown in the team roping/calf roping preview. Paid up in the Riata Buckle, Pink Buckle and Ruby Buckle eligible per seller.
