AQHA HEALTH PANEL TESTING

Genes come in pairs; each parent contributes one copy to the offspring. With respect to the autosomal dominant genetic diseases listed below (HYPP, PSSM, and MH) only one defective gene is necessary to express the genetic disease in question. Such gene can be inherited from either of the parents or from both parents. With respect to autosomal recessive genetic diseases listed below (GBED and HERDA), typically, two copies of an abnormal gene (two copies = 1 pair) must be present for the horse to show signs of the genetic defect in question. Horses with only one copy of the defective gene are considered “carriers”.

GBED – Glycogen Branching Enzyme Deficiency. Fatal disease of newborn foals caused by defect in glycogen storage. Affects heart and skeletal muscles and brain. Inherited as a recessive gene.

Possible results:

N/N Normal – horse does not possess the disease-causing GBED gene.
N/G Carrier – Heterozygous (one normal and one GBED gene).
G/G Affected – horse has two copies of the GBED gene.

HERDA – Hereditary Equine Regional Dermal Asthenia. Skin disease characterized by hyperextensible skin, scarring, and severe lesions along the back of affected horses. Typical onset is around 2 years of age. Inherited as a recessive disease.

Possible results:

N/N Normal – horse does not have the HERDA gene.
N/HRD Carrier – horse carries one copy of the HERDA gene.
HRD/HRD Affected – horse has two copies of the HERDA gene.

HYPP – Hyperkalemic Periodic Paralysis. Muscle disease caused by defect in sodium channel gene that causes involuntary muscle contraction and increased level of potassium in blood. Inherited as a dominant disease. Two copies of the defective gene produce more severe signs than one copy.

Possible results:

N/N Normal – horse does not possess the disease-causing HYPP gene.
N/H Hyperkalemic – Heterozygous (one normal and one HYPP gene).
H/H Affected – horse has two copies of the HYPP gene.

Said veterinarian's decision will be final.

If the veterinarian determines that the issue or defect(s) was present at the time of sale and was not announced, the horse will be subject to return. Upon any such return, the owner will owe Western Bloodstock LTD dba Triangle Sales the sale expenses and sale commission (8%) or \$1,000.00, whichever is greater, and the cost of all veterinary services performed. All arrangements and expenses to return the horse are solely those of the owner.

If the horse is found by the second veterinarian to not have the alleged issue or defect, the sale of said horse is valid and enforceable and the buyer assumes all costs associated including veterinary services.

It is the intent of Western Bloodstock LTD dba Triangle Sales to make every effort to record the entire auction which shall be used to settle disputes regarding statements made about horses while in the auction arena. In the event of disputes, the final veterinary examination and recording will be used to settle said dispute.

8 UPSET BID

Unless waived by announcement, there shall be a minimum "upset (starting bid)" of \$1,000.00 for any horse presented for sale. If the "upset (starting bid)" is not received, the horse shall be automatically considered withdrawn by the owner as unsold, and all expenses become due by owner to Western Bloodstock LTD dba Triangle Sales. No horse will be sold for less than \$1,000.00.

9 OWNERS RIGHT TO BID

This auction is conducted "with reserve", meaning the right to bid is reserved by the owner. To protect the desired sale price for the horse, owner or its representative must:

- a. be the final bidder and sign the Buyers Acknowledgement of Purchase and Security Agreement OR
- b. deliver a completed official reserve bid form to Western Bloodstock LTD dba Triangle Sales, (either in the sale office or at the auction block with assistance of a sale staff member) prior to the sale of the horse OR
- c. instruct Western Bloodstock LTD dba Triangle Sales, or its designated representative of the amount of the reserve bid

Owner must make known to Western Bloodstock LTD dba Triangle Sales for announcement that the horse has been repurchased or passed-out BEFORE LEAVING THE AUCTION ARENA. UPON REPURCHASE, OWNER AND BIDDERS ARE ENCOURAGED TO COMPLETE A SALE, IF POSSIBLE, AND AGREE TO STRICTLY HANDLE THE TRANSACTION THROUGH THE SALE OFFICE.

Western Bloodstock LTD dba Triangle Sales reserves the right to bid on the behalf of the owner up to the amount of the reserve bid. If the owner or its representative makes a final bid equal to or greater than the reserve, owner will pay the 8% sale commission due.

10 BIDDING PROCESS, DISPUTES, MALFUNCTIONS

The Auctioneer reserves the right to reject all bids. Should any dispute arise between two or more bidders, the Auctioneer shall settle said dispute and that decision shall be absolute, final, and binding on all parties. BIDS RECEIVED AFTER THE FALL OF THE AUCTIONEER'S GAVEL ARE NOT GROUNDS FOR DISPUTE.

In case two or more bidders claim the final bid, the Auctioneer may re-open the bidding procedure and ask for advanced bids, solely between the bidders having claimed the last bid. If there is no advanced bid, the horse shall be sold to the bidder from whom the Auctioneer recognized the final bid. If the bid should be reduced below the disputed bid, the Auctioneer may re-open the bidding with the highest bidder becoming the buyer regardless of whether the final bid equals or exceeds the original disputed bid.

In the event of known equipment malfunction, the auction will be stopped. If the malfunction has not affected the sale of horses sold prior to the malfunction, they will be considered sold. The auction will proceed upon correction of the malfunction.

11 TITLE AND RISKS

Title transfers immediately to the buyer at the final fall of the Auctioneer's gavel. Title transfer includes all risk of loss, including but not limited to illness, injury, or death of the horse. Additionally, at title transfer, the buyer assumes all responsibility for the care and maintenance of the horse, for any loss or damage to property and for injury or death of persons caused by the horse, buyer, or buyer's employees. Additionally, buyer agrees to hold harmless Western Bloodstock LTD dba Triangle Sales for such loss or damage. TITLE AND RISKS ARE ASSUMED BY THE BUYER WHETHER OR NOT SETTLEMENT AND DELIVERY HAVE BEEN MADE. THIS SHALL

ESPECIALLY BE THE CASE WITH PURCHASES MADE BY PHONE OR ONLINE.

12 BUYERS ACKNOWLEDGEMENT OF PURCHASE AND SECURITY AGREEMENT

After making a winning bid on a horse, a Buyers Acknowledgement of Purchase and Security Agreement will be completed by the buyer (or on behalf of the registered phone/online bidder) that will confirm the hip number and final sale price for invoicing and transfer. Any buyer who makes a winning bid and signs (or so authorizes the signing of) the Buyers Acknowledgement of Purchase and Security Agreement is responsible for that purchase and cannot assign new ownership to a second party unless approved by Western Bloodstock LTD dba Triangle Sales. In the event a clerical mistake is made regarding the written entry of the final bid on the Buyers Acknowledgement of Purchase and Security Agreement, that correction will be made with no liability to Western Bloodstock LTD dba Triangle Sales. All disputes regarding final bids shall be settled by Auctioneer and/or sale recording.

13 REALES

If the highest bidder fails to immediately execute the Buyers Acknowledgement Of Purchase And Security Agreement or otherwise fails to comply with these terms or in the event of an announced mistake by the Auctioneer, Western Bloodstock LTD dba Triangle Sales reserves the right to accept the same purchase amount from another buyer, accept the next highest bid, put the horse up for sale a second time, or retain the horse for the owner as unsold. However, nothing shall prevent Western Bloodstock LTD dba Triangle Sales and/or the owner from pursuing whatever legal remedy may be available to compel the original buyer to perform as set out herein.

Dusty (Grade)
February 15, 2025 Palomino Gelding

NOTES: "Dusty" is a 2025 grade palomino gelding. Due to a registration conflict after the unexpected death of the dam, he sells as a grade. He is kind, gentle and slow. Not much bothers him; he takes everything that I have shown him well and takes it all in stride. He is easy to be around and gets along with everyone in and out of the pasture. He stands tied, has been trimmed, is up to date on dental work, loads and backs out of the trailer, and is ready for your program!

He's seen it all—been hog hunting, carried baby pigs in the saddle without a fuss, been to the pasture, been to the junior rodeo, ranch rodeos, and has been around barrels and poles. He's broke, dependable, and easy to ride, whether you're in the arena or just out cruising around. This pony has plenty of go, but knows how to sit down and whoa just as well. NOTES: This beautiful black/gray/white, 8-year-old pony mare stands 42 inches tall. She rides around with the kids in a smooth, gentle manner and does not need much coaxing from beginners. She willingly does what is asked of her. We have owned her for four years, and she is very, very gentle and easy to catch. Perfect size for grandkids and so beautiful. She has had one foal, a colt with a lot of color. Now the grandkids are getting involved in sports and do not have as much time as they used to. She is too good to sit around; families need to enjoy her and spend time with her.

NOTES: "Tinker Bell" is a cute little red competitive team sorting and penning mare that is very broke. She rides quietly inside and outside of the arena. She has also been started heeling the sled and has been ridden on trails all over. She'd make a great youth or amateur mount for just about any cow horse event. Easy to manage and current on everything. Cow-bred pedigree, but registration papers were lost in a previous owner's divorce.
